Governance in conducting the affairs of the company with integrity and in accordance with the highest standards of corporate practice. The company is committed to the principles of openness, integrity and accountability in its dealings with all its stakeholders.

Chairman's report

InfoWave has delivered another set of solid results for the first half of the year. Turnover increased 6,6% and an operating profit margin of 21% was delivered. Headline earnings per ordinary share increased 18% from 2,76 cents to 3,28 cents. The company anticipated tougher trading conditions and focused on consolidation and improved efficiencies.

Prospects for the second half of the year are positive. The company has recently secured considerable new business that will take effect during the next six months, and will roll over well into the next financial year.

The board recently revised the company's strategic intent due to negative market conditions and improved prospects as a standalone company, and is no longer seeking a strategic partner. The company has re-enforced its business-as-usual strategy of organic growth with sustainable annuity income. The board also revised its application of cash reserves, and has called a special general meeting to pass a resolution to pay back excess reserves to its shareholders.

Based on the new strategy, it is the board's intention to pay dividends on an annual basis.

The remaining six months of this financial year promise to be an exciting period and we look forward to another year of satisfying results.

Capital distribution

The board has resolved to make a capital distribution of 10 cents per share in lieu of a dividend for the half year ended 31 August 2002 ("the capital distribution"). Such capital distributions are subject to the JSE Securities Exchange SA Listings Requirements and shareholder approval.

The last day to trade in InfoWave shares for the purpose of entitlement to the capital distribution will be the close of business on Friday, 22 November 2002 and shares will trade ex-distribution with effect from Monday, 25 November 2002. The record date for the capital distribution will be the close of business on Friday, 29 November 2002. Central Securities Depository Participants and broker accounts will be credited and capital distribution cheques posted on Monday, 2 December 2002, where applicable. Share certificates may not be dematerialised or rematerialised between Monday, 25 November 2002 and Friday, 29 November 2002, both days inclusive.

A circular relating to the distribution will be posted to shareholders on or about Friday, 25 October 2002, and a general meeting will be held on or about Monday, 11 November 2002 for shareholders to approve the capital distribution.

The above dates are subject to amendment. Any amendment will be published in the press and on the Stock Exchange News Service.

R P Collis Executive Chairman

Durban 23 October 2002

Note to our shareholders:

The insurance cover provided by The Dispossessed Members' Fund ("DMF"), established to provide alternative compensation against the threat of a successful action for rectification and the possible liability of various stakeholders involved in the dematerialisation process, expired on 29 September 2002. A further 12-month discovery period is provided under the policy. You are advised that there is an element of risk should you not dematerialise your certificates before 29 September 2003 and they are later found to be invalid or tainted.
