14. Related party information

There have been no transactions with related parties during the period ended 30 June 2022, save for various intercompany transactions in the ordinary course of business.

15. Subsequent events

The directors are not aware of any other matters of significant events arising since the end of the reporting period, which would materially affect the operations of the Company and Group or its operating segments not dealt with in the financial results.

16. Going Concern

The summary consolidated Financial Statements have been prepared on the basis of accounting policies applicable to a going concern. This basis presumes that funds will be available to finance future operations and that the realisation of assets and liabilities, contingent obligations and commitments will occur in the ordinary course of the business.

At 30 June 2022, the Group's assets, fairly valued, exceeded its liabilities. Furthermore, management assessed the Group's liquidity forecasts for a period of twelve months. Various scenarios have been considered to test the Group's resilience against operational risks.

Management has concluded that the Group's ability to continue to meet its financial obligations as they fall due is dependent on the Group's ability to continue to improve its performance, and the Group's bankers, FNB, renewing the Group's working capital facilities (refer note 6). Each of these matters present a risk to the Group to remain a going concern.

The directors perform a property valuation every three years with the previous valuation having been performed at the end of 2020. The market valuation of the properties was in excess of the carrying value by R43.1 million at the time. The properties are stated at historical cost less accumulated depreciation and impairment losses, in line with the Group's accounting policy.

Cash flow and working capital management

Cash utilised in operations amounted to R104.6 million (2021: R83.1 million) during the period. Segment results

Electrical cables manufacturing – SOEW

SOEW reported revenue of R979.7 million (2021: R1 105.7 million), which is a decrease of 11.4% (2021: 67.3% increase) when compared to the same period in the prior year. The decrease in SOEW's revenue is attributed mainly due the current economic conditions in which it trade.

Property investments – Anchor Park

Anchor Park's revenue is mainly derived from Group companies, as it leases its properties to fellow subsidiaries.

COVID-19 Pandemic

The Group is adhering to the best practice measures published by both the World Health Organisation and the National Institute for Communicable Diseases. We believe that curbing the spread of the virus is a collective responsibility and, as a committed corporate citizen, the Group will actively play its part in doing so.

Seasonality

The Group's earnings are affected by seasonality as earnings for the second half of the year are historically higher than the first six months. Management expects the historic seasonal trend to continue in future.

Prospects

The macro-economic environment in which the Group operates is not expected to improve soon, with fundamental political and fiscal uncertainties remaining key drivers of economic reality. The Group is therefore focussing on customer service, on reducing costs and using technology to drive growth, productivity and greater efficiencies in a more sustainable manner, which will improve the profitability of the operating entities.

The Board will continue its journey towards improving B-BBEE, recognising the importance of transformation required by the market in which the Group operates. The current B-BBEE status of the Group is not reflective of its view on transformation and this process is receiving heightened attention from the Board.

Management is confident that the above actions will improve the Group's profitability.

Acquisitions / Disposals

No acquisitions or disposals other than property, plant, and equipment (refer to note 4) took place under the period of review.

Director changes

CF Chen and his alternate CC Liu has resigned as director of the Company with effect 27 January 2022.
